Profile

Hello

I have been working as a Blockchain developer since 2016 and I have many experiences in skills.

Smart Contract, Dapp, Defi, PoW(PoS) networks, etc).
I worked on several NFT projects and smart contract development, I have enough skills, and knowledge for them.

Example:: @RoaringLeaders, @digitzNFT, @MetaOneStudios and @HeadDaoNFT.

Also, AI/ML projects and online store development are my major skills.

https://aicodx.com/, https://deteconology.com/, and several ChatBot, LLM projects

Thanks
